CODE GEASS コードギアス 反逆のルルーシュ Lelouch of the Rebellion

On August 10th of the year 2010 the Holy Empire of Britannia began a campaign of conquest, its sights set on Japan. Operations were completed in one month thanks to Britannia's deployment of new mobile humanoid armor vehicles dubbed Knightmare Frames. Japan's rights and identity were stripped away, the once proud nation now referred to as Area 11. Its citizens, Elevens, are forced to scratch out a living while the Britannian aristocracy lives comfortably within their settlements. Pockets of resistance appear throughout Area 11, working towards independence for Japan.

Lelouch, an exiled Imperial Prince of Britannia posing as a student, finds himself in the heart of the ongoing conflict for the island nation. Through a chance meeting with a mysterious girl named C.C., Lelouch gains his Geass, the power of the king. Now endowed with absolute dominance over any person, Lelouch may finally realize his goal of bringing down Britannia from within!

Code Geass Lelouch of the Rebellion Vol.2

CODE GEASS Lelouch of the Rebellion

Using the power of the Geass, Lelouch has taken his first steps towards vengeance against the Holy Empire of Britannia. He has crafted for himself the alter ego Zero, to destroy the perceptions of his enemies and protect those close to him. Yet still he finds his efforts lacking. One young prince does not a revolution make. Carrying with him this hard learned lesson Lelouch takes the next step in his rebellion. Gathering a small group of willing Elevens about him, Zero founds the Order of the Black Knights, a faction dedicated to the fight for justice.

On the battlefield Lelouch encounters a man he once called friend seven years before standing on the opposing side: Suzaku Kururugi, the Eleven pilot of the white Knightmare known as Lancelot. With Zero unable to convince Suzaku to fight along side him and unwilling to use the power of Geass, are the two destined to destroy one another?

Zegapain Vol.6

The Oceanus is now committed to the final operation, and untold dangers await them on the moon in the enemy's base. Seemingly outnumbered and outmatched, Kyo and the others encounter both the sinister Naga and the Gardsorm traitor who created Shima. The question now is how can they get off the moon with the Maihama server and the resurrection system? In the end, Kyo is going to have to make the most difficult choice of all. Can he become a physical human and be truly alive again if it means leaving everyone he cares about behind in the server?

Tide- Line Blue Anime Legends Complete Collection

©2005 –2007 Satoru Ozawa, Umanosuke Iida, Bandai Visual/Bandai Visual *Artwork Subject to Change

After the catastrophe known as the 'Hammer of Eden' struck, 90% of the Earth's surface was flooded, killing over 6 billion people in the process. 14 years later, despite this tragedy, mankind perseveres. With the vast majority of land now submerged, groups of survivors soon band together amongst the world's scarcely available land masses and establish independent political states, slowly moving forward the machinations of society. As these island politicians gather to establish a new United Nations, man's fangs are once again brought to bear upon his brothers.

The U.S.S. Ulysses, one of the few remaining nuclear submarines in service has gone rogue, attacking the coalition and declaring war on the world.

In the ensuing pandemonium, Keel, a 14 year old gambler and his secret love, Isla, a local girl who has just given birth to a new baby, end up on board this monstrous submarine. Under the command of the battle hardened Captain Gould, this desperate young family is benignly accepted into the crew. Meanwhile, the UN naval fleet begins its vengeful hunt, chasing the Ulysses with formidable fire power.

The Minerva docks at a ZAFT base, where they are met by Chairman Durandal. Over a quiet dinner, he talks with Athrun, Shinn and other members of the crew. This conversation leads Shinn to reflect on the past, and the events that brought them to where they are now.

But understanding does not bring peace, and after another argument with some of his shipmates, Shinn heads ashore to clear his head. There he meets a beautiful girl, and watches her fall into the ocean. He dives in to rescue her, and in turn then must wait to be rescued.

Meanwhile, the Alliance Forces gather, along with their Orb Allies, to launch an attack on ZAFT. The Minerva scrambles and prepares for battle. But unknown to either side, far beneath the waves, another group is going to try to put an end to the fighting.

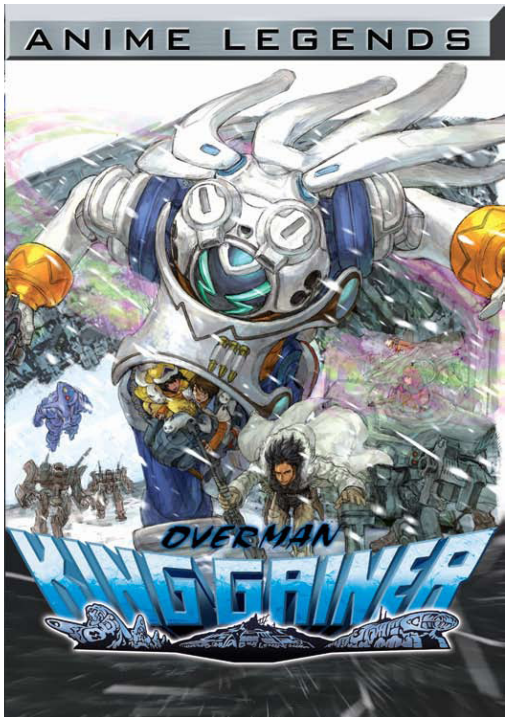
Overman King Gainer
Anime Legends Complete Collection



© 2002 & 2005 SUNRISE-BV-WOWOW
*Artwork Subject to Change

In the distant future, mankind is forced to live in domed cities called Domepolis after an environmental cataclysm. These cities are maintained and supplied by private corporations, but at what cost to the inhabitants living within them? In a Siberian Domepolis, virtual game champion Gainer Sanga is arrested on suspicion of Exodus, an unauthorized venture beyond the dome walls and strictly prohibited by the government. In prison, he meets Gain Bijou, a mercenary bent on escaping and together the two will steal a mysterious Overman out of Duke Medaiyu's mansion. Fighting back the Siberian Railway Patrol forces, they both lead a massive Exodus out of the city to the east land Yapan, where their ancestors are originally from.

Witness this bold new challenge from *Mobile Suit Gundam* director Yoshiyuki Tomino as he defies genre classifications and creates a new style, blending intense mecha action and light-hearted comedy.
